

RC&E to offer Four-Day PSM/RMP Class *exclusively* for our Customers

Let us help you better understand your Process Safety Management / Risk Management Programs!

<p>What will the class offer?</p>	<p>The Four-Day class will cover all aspects of OSHA’s PSM and the EPA’s RMP program requirements that you’ve been tasked with implementing. We’ll show you the WHY and the HOW of PSM/RMP compliance!</p> <p>Attendees will receive:</p> <ul style="list-style-type: none"> • An overview of the PSM/RMP program followed by a point-by-point explanation of the unique requirements of the PSM/RMP laws; and • Helpful templates and forms to assist you in documenting compliance; • Real-world worked examples of <i>practical</i> compliance, not just theory; • Examples from actual OSHA & EPA citations, fines and inspections; • Q/A sessions throughout the class to explore specific facility issues; • Daily lunches are provided as part of the class to network with implementers from other companies and facilities; • A certificate documenting Professional Development Hours to maintain CARO/CIRO certifications; • A copy of our book, “Understanding Ammonia Refrigeration PSM/RMP”
<p>Who should attend?</p>	<p>Anyone who is tasked with (or can benefit from a better understanding of) PSM/RMP compliance at your facility: Operators, PSM Coordinators, Safety Managers, Maintenance Managers, etc.</p> <p>This class is designed in such a way that the true beginner and the seasoned safety / refrigeration veteran can both get what they need out of it.</p>
<p>Who is teaching it?</p>	<p>Brian Chapin, RCE’s Compliance Services Manager and Josh Latovich, RCE’s PSM Engineer will be the instructors.</p> <p>Our instructors have been in the PSM/RMP field as implementers and consultants for over a decade and have taught hundreds of people the basics of practical PSM/RMP compliance. They have conducted audits for dozens of companies and even conducted abatement audits at the request of OSHA and the EPA.</p>
<p>Where and When is it?</p>	<p>Classes will be held in the Fort Worth area. The first class is scheduled for the Fall of this year. The class is limited to 20 enrollee’s and availability is first-come, first serve. Future classes will be held based on demand, at least twice a year.</p>
<p>What is the cost?</p>	<p>The cost of the class including all materials and provided lunches is \$995 per enrollee.</p>
<p>How do I enroll?</p>	<p>To guarantee your place in the class, enroll immediately through our webform. If you have questions, email Brian Chapin or call him at (570) 437-0660.</p>
